SUMMARY

Senior Full-Stack Software Engineer with 7+ years of experience building scalable production systems with React, Next.js, TypeScript, Node.js, and AWS. Experienced in developing AI-powered applications, integrating machine learning models and LLM APIs into production workflows, and processing large-scale datasets. Proven track record of performance optimization, code quality improvements, code reviews, and developer mentoring. Experienced with Tailwind CSS, Docker, CI/CD, TDD, and modern software engineering practices.

PROFESSIONAL EXPERIENCE

ONECLICK CODE **Denver, CO, USA (Remote)**

Senior Software Engineer **03/2026 – Present**

- Shipped AI-powered products end to end, from development through production deployment on AWS, enabling automated analysis and actionable insights.
- Designed and developed scalable full-stack applications using React, Next.js, TypeScript, Node.js, and AWS.
- Integrated machine learning and AI models into production workflows to automate data processing and strengthen decision-making, increasing researcher productivity by 30%.
- Refactored and optimized critical components, improving performance, code quality, and maintainability while reducing technical debt.
- Partnered with researchers, managers, and engineers to translate business and research requirements into scalable production solutions.

Technologies and Tools: React, Next.js, TypeScript, Node.js, Tailwind CSS, AWS, DynamoDB, PostgreSQL.

TANGOCODE **Chicago, IL, USA (Remote)**

Software Engineer **01/2025 – 03/2026**

- Developed AI-driven data-processing workflows integrating machine learning models to reliably process large-scale datasets, including more than 7 TB of production data.
- Developed 4 full-stack applications using React, TypeScript, Node.js, and Python.
- Collaborated cross-functionally to deliver production-ready solutions, participating in code reviews and mentoring developers.

Technologies and Tools: React, Tailwind CSS, Next.js, Node.js, TypeScript, Python, AWS, DynamoDB.

GROWTH MACHINE **Rio de Janeiro, Brazil (Remote)**

Full-Stack Developer **03/2023 – 01/2025**

- Led development of Station AI, integrating generative AI to enhance automation and decision-making.
- Developed Growth Way, the company's primary platform, using microservices architecture.
- Developed GS Engage, a sales engagement platform supporting business and customer workflows.
- Led the transition from styled-components to Tailwind CSS, mentoring colleagues throughout the migration.
- Developed a reusable design system and component library, improving UI consistency and development efficiency.
- Reduced application loading times by 40% through high-performance feature development.
- Resolved 20+ technical debt issues through critical component refactoring and optimization.

Technologies and Tools: React, Tailwind CSS, Next.js, Node.js, TypeScript, AWS, Docker, ElasticMQ, MongoDB, Jest.

SQUADRA DIGITAL **Belo Horizonte, Brazil (Remote)**
Full-Stack Developer **04/2021 – 02/2023**

- Developed scalable web applications for public and private-sector clients.
- Built full-stack features using React, Next.js, TypeScript, Node.js, and NestJS, integrating frontend interfaces with backend APIs and services.
- Partnered with designers and product managers to build responsive, accessible interfaces and improve performance through code reviews and optimization.

Technologies and Tools: TypeScript, React, Next.js, Node.js, NestJS, Docker, PostgreSQL, Jest, Kafka, Angular, AWS.

LIFE TECNOLOGIA **Brasília, Brazil (Remote)**
Full-Stack Developer **06/2020 – 04/2021**

- Developed secure applications for 2 government ministries and collaborated with distributed teams to deliver projects on time while meeting client requirements.

Technologies and Tools: TypeScript, Node.js, Angular, Java, PostgreSQL, SQL Server.

UNIFACEX **Natal, Brazil**
Full-Stack Developer **02/2019 – 06/2020**

- Developed 5 systems for the E-Learning Department, contributing to a 40% increase in student engagement.

Technologies and Tools: React, Node.js, TypeScript, MongoDB, AWS.

ACADEMIC EDUCATION

FEDERAL UNIVERSITY OF RIO GRANDE DO NORTE **Natal, Brazil**
Bachelor's degree in Information Technology **2013 – 2018**
